## FY 2024 HCV Payment Standards

---

Payment standards represent the maximum amount of subsidy that AHA can provide a family. AHA does not automatically approve this rent level for a given unit. AHA's monthly rent subsidy depends on a number of factors, including these payment standards, the rents of other comparable unsubsidized rental units in the area, and the income of the family. AHA determines the number of bedrooms each assisted family is allocated based on the family size and composition.

The chart below outlines AHA's 2024 payment standards effective January 1, 2024
